RETURN OF TUITION ASSISTANCE (TA) FUNDS

When a service member discontinues enrollment, the Financial Aid Office will calculate the amount of TA earned prior to the date of withdrawal. The unearned TA funds will be returned to the appropriate DoD military service program. The calculation is based on the TA received for that payment period.

Earned TA: The amount of earned TA is calculated on a daily basis from the first day of classes through the date of withdrawal and calculated thus:

Number of days attended before enrollment ended divided by Total of days in term and then multiplied by 100 = Earned Aid %

The number of days in the term is counted between the first day of classes and the last day of finals, excluding scheduled breaks of five days or more. Days counted are calendar days.

Unearned TA: Any TA funds received in excess of the earned amount is considered unearned and calculated thus:

100% minus Earned Aid % = Unearned Aid %

The return amount is calculated thus:

Unearned Aid % X Amount of TA received during payment period

Fully Earned TA: Return policies apply to students that withdraw on or before the 60% point of term. Discontinued enrollment after the 60% date will not result in adjustment to the student's TA for that payment period.
