Advanced Placement (AP) Exam Acceptance Policy

Students completing AP exams must submit an official score report for all exams taken and send them to Holy Apostles College & Seminary for review. Students earning a score of a 4 or 5 on an AP exam listed below will receive 3-credits per test for a maximum of 15 credits applied to their undergraduate degree. The credit placement on the student's degree plan will be individualized based on the major the student pursues. AP credits count against the number of transferred credits allowed. If the number of AP credits combined with the credits transferred from other programs exceeds the number of transfer credits allowed, the institution may instead waive the requirement for the student to take a course in the AP subject area and allow the student to replace it with a different course within the program.

The following AP exams will be accepted for credit at Holy Apostles College & Seminary.
